

# AGG-TECH MACHINERY NEWSLETTER

## JUNE 2006

### ***FORKLIFTS ARE HERE!!***

Agg-Tech Machinery has just been appointed as the TCM Forklift dealer in Mildura! As we all know, TCM is regarded as arguably the best value for money forklift available with excellent features, competitive pricing, and a new model line-up that leaves the others as a poor second! We can offer either sales or rental of these units and we are also offering maintenance packages and fully maintained rentals. The new TCM range is available from Agg-Tech Machinery right now!

**For all enquiries phone Wes Ayson on 5021.2722**

#### **WHAT'S HAPPENING IN SERVICE DEPARTMENT?**

##### **FORKLIFT MAINTENANCE**

**Service now have the ability to maintain your forklift fleet as well as most of your other machinery. We can offer 24 hour assistance and fully maintained service contracts. Call Wes today for details!**

##### **INTERNET SITE**

A couple more new product links added to our website this month, so have a look. You can also view our good range of used stock available as well. [www.aggtech.com.au](http://www.aggtech.com.au)

##### **WHAT'S NEW IN PARTS?**

Parts have caught 'Forklift Fever' as well with a new range of pallet trucks on offer as well as lifting tables for easy access to those heavy loads. We also stock a huge range of the DSM Toolboxes for stationary or work vehicle use. They can even be personalized with your own business name! For more details contact Vaughan or Russell on 5021.2722

##### **TREV'S TECHNICAL TIPS**

###### **Winter Whoa's!!!**

Trevor, our Workshop foreman suggests that during the cold Winter months that you should run your tractor periodically even when you are not using it, just to keep everything moving and lubricated (especially your battery).

Another good idea is to run your air-conditioning a couple of times over Winter, just to keep the oil circulating and make sure that everything will be working okay when you really need it.

#### **MOWER UPDATE**

**We have most of the exciting Iseki mower range available ex-stock . All different combinations are available, and the zero-turn model is a specialty. Contact Colin for details on 0427.212.722**

#### **AUGERS**

Agg-Tech Machinery is also the local distributor for Grainline Augers and Rota-Door systems. These units are very high quality and still remain reasonably priced. We have a good range in stock for inspection. Contact Vaughan for more info!

#### **OH&S**

Everyone should now be critically aware of the ever increasing OH&S requirements that are placed on all employers and self-employed people. Through the VACC, Agg-Tech has an on-site checklist for employers to complete to assess their own status in relation to new legislation. This is at no cost to any interested customers. Phone Russell Baren on 0419.102.349 to get your copy.
